Hey Dad!

Even though you invite me to address You so intimately and to be in an intimate and right relationship with You, I nevertheless promise to always keep Your Name holy.

Even though You're in Heaven and I'm on earth, I desire to join You now in the eternal community to which you invite me. Please help me to be worthy to become one of Your instruments that helps transform this earthly existence into one that mirrors Your Heavenly Kingdom. Please help me to help You bring a little bit of Heaven to this earth.

Please, Lord, today meet my physical and spiritual needs with Your grace. Please keep me safe in Your love. Please bring the healing needed by my mind, body, spirit, and soul.

Please, Lord, forgive me for all the times I may have hurt You or my neighbor, and please help me to learn to forgive others who hurt me.

Please keep me out of trouble and no let me get chance fo do any more bad kine stuff.

I pray the Our Father like this once a day. God wants to be intimate with us. If you want to enhance your own feeling of intimacy with the Lord, I invite you to join me in praying like this.
